Obesity is a serious chronic condition that continues to have a growing impact on our society, and carries with it a large number of related conditions such as diabetes, hypertension, heart disease, and more. Action must be taken to address this epidemic at all levels — individual, family, community, government, healthcare and insurance. To learn more about the disease of obesity, treatment options, weight bias, and more, please visit the Obesity Action Coalition (OAC) Web site at www.ObesityAction.org.

If you have any questions regarding the above information or if you would like to receive free educational materials on obesity, please contact the OAC National Office at (800) 717-3117 or info@obesityaction.org.
