INTRODUCTION

The Certified Bariatric Nurse (CBN) Examination is designed to assess the professional competence of practitioners of Bariatric Nursing. Achievement of a passing score on the examination is required for an individual to earn the Certified Bariatric Nurse (CBN) credential. This requires each candidate to demonstrate competence in all technical aspects of Bariatric Nursing commensurate with the standards established by the American Society for Metabolic and Bariatric Surgery (ASMBS) for effective and safe patient care. All candidates and CBN certificants are expected to observe the ASMBS Standards of Conduct.

In 2006, a committee of the ASMBS completed a nationwide role delineation survey to determine the role of Bariatric Nurses in terms of the tasks required for competent job performance. The results of this study provided current information to delineate the appropriate content, scope and complexity for the CBN. Using systematic test development procedures, the CBN Examination Development Committee has developed the CBN examination to meet the specifications for testing as derived from the job analysis study.

The ASMBS has developed this Candidate Handbook to describe all aspects of the credentialing process and assist you in preparing for the examination. This handbook contains an overview of the examination, the admission policies, and rules for the examination, and other pertinent facts you should know about the administrative policies governing the examination. It also describes the content and procedures for all parts of the examination. Sample questions are provided to help you become more familiar with the types of questions appearing on the comprehensive multiple-choice examination.

Beginning with the June 2007 administration of the Certified Bariatric Nurse Examination, the CBN credential will be issued for a limited term of four years. Certificants will be responsible for maintaining and updating their skills and knowledge through continuing education. In order for certificants with these time-limited credentials to maintain their certification, certificants may need to pass a version of the updated CBN examination based on a new role delineation survey to renew their CBN credential or participate in Continuing Education courses. Refer to the section on recertification for specific policies.

The ASMBS has selected a national testing agency, Applied Measurement Professionals, Inc. (AMP) to assist with examination preparation and administration. Questions you have about the application process and administration of the CBN Examination should be directed to: Applied Measurement Professionals, Inc., 18000 W 105th Street, Olathe, KS 66061, p 888-519-9901, f. 913-895-4651, info-amp@goAMP.com.

The American Society for Metabolic and Bariatric Surgery (ASMBS) administers a comprehensive examination, consistent with accepted credentialing standards, that measures acceptable competency levels for Bariatric Nurses.

MISSION STATEMENT

CBN® Certification Committee
Integrated Health Section (IHS)
American Society for Metabolic and Bariatric Surgery

This certification examination program is based on a distinct and well-defined field of nursing practice subscribing to the overall purpose and functions of nursing. Bariatric nursing is a specialty distinct from other nursing specialties and is national in scope. There is an identified need for the specialty and nurses who devote most of their practice to the specialty.1,2,3

VISION STATEMENT

Our vision is to provide the premier credential to professional nurses caring for the morbidly obese and bariatric surgical patient.

MISSION STATEMENT

The CBN® Certification Committee of the Integrated Health Section of the American Society for Metabolic and Bariatric Surgery is dedicated to enhancing and promoting the specialty of bariatric nursing care.

OBJECTIVES

1. Develop and maintain an RN professional practice certification for the specialty of Bariatric nursing care.
2. Administer a fair, valid, and reliable examination and recertification process.
3. Administer an examination that certifies professional knowledge and skill in bariatric standards of care and expected outcomes.
4. Communicate the value of this credential to the public and other key constituencies.

CORE VALUES

In pursuit of our Vision and Mission statements and collaboration with the ASMBS, we commit to the following values:

- Patient safety
- Evidence-based practice
- Optimal patient outcomes
- Professional collaboration
- Quality of care
- Competency
- Stewardship

ADMINISTRATIVE POLICIES AND RULES FOR EXAMINATION

EXAMINATION OVERVIEW

The CBN Examination is developed and administered in accordance with the 1999 “Standards for Educational and Psychological Testing” (American Education Research Association, American Psychological Association, and National Council on Measurement in Education). The examination consists of 170* multiple-choice items. The test presents each question with four response alternatives (A, B, C, and D). One of these represents the single best response, and credit is granted only for selection of this response. Candidates are allowed three hours (180 minutes) to complete this test.

A more detailed description of the examination is provided in the Examination Content section (pages 27-30) of this handbook.

Eligibility Requirements

In order for candidates to sit for the CBN Examination, they must satisfy the following eligibility criteria including compliance with the ASMBS Standards of Conduct:

- Be currently licensed as Professional Nurse (RN or equivalent for international nurses) in one of the 50 United States, the District of Columbia or Puerto Rico. A valid license number MUST be entered when applying online. Licensed Practical Nurses (LPNs) and Licensed Vocational Nurses (LVNs) are not eligible to sit for the examination.
  - International nurses became eligible to sit for the CBN examination beginning in July of 2008. Acceptable international nurses’ licensure will be determined on an individual basis by the ASMBS.
  - It is important for international nurses to understand that the examination is based on a practice analysis of nursing care of the morbidly obese and bariatric surgical patients in the United States of America. In addition, the examination will only be offered in the English language.
- Complete a minimum of 24 months (within the preceding 4 years) of nursing care of Morbidly Obese and Bariatric Surgery patients, predominately in the Bariatric surgery process. (i.e.: pre-operative, peri-operative or post-operative/follow up care). The Policy and Procedure Subcommittee will review eligibility when there is question.
  - An RN who serves as a Metabolic & Bariatric Surgical Clinical Reviewer (MBSCR) at an accredited Metabolic & Bariatric Surgery Accredited Center through the Metabolic & Bariatric Surgery Accreditation & Quality Improvement Program (MBSAQIP) is eligible to take the examination, assuming they meet all other requirements.

Eligibility for the CBN Examination requires adherence to the ASMBS Standards of Conduct. Candidates are required to confirm acceptance of a statement on the application form that they understand violations of the ASMBS Standards of Conduct may result in loss of eligibility for the CBN certification.

* The examination will consist of 150 scored items and 20 unscored (pretest) items. Candidates will not know which items are pretest items. Pretesting items aids in the maintenance of a valid and reliable examination.
STANDARDS OF CONDUCT PREAMBLE

The American Society for Metabolic and Bariatric Surgery (ASMBS) is a nonprofit corporation that provides certification for Certified Bariatric Nurses (CBN®). The ASMBS Integrated Health Section CBN® Certification Committee has coordinated the development, administration and maintenance of this certification. These groups, and the multiple additional developmental task forces, include a diverse group of experts in Bariatric Nursing, are national in scope, and are represented by Professional Nurses of different geographical regions, multiple bariatric nursing experiential levels and roles, with a familiarity of the full range of bariatric surgical procedures, academic and community environments, and the full range of working program sizes, for the purpose of establishing rigorous standards which have a basis in real world practice.

The ASMBS seeks to encourage, establish and maintain the highest standards, traditions and principles of Bariatric Nursing. Individuals who hold the CBN credential should recognize their responsibilities, not only to their patients, but also to society, to other health care professionals and to themselves. All candidates for CBN certification, and all CBN certificants, shall abide by ASMBS’ Standards of Conduct and all other ASMBS rules, policies and procedures. Individuals who fail to meet these requirements may have their credential suspended or revoked or be declared ineligible for certification.

STANDARDS OF CONDUCT

Certified Bariatric Nurses, as health care professionals, must strive as individuals and as a group to maintain the highest of professional and ethical standards. The following statements are standards to guide those individuals holding the CBN credential in their professional activities.

Certified Bariatric Nurses shall:

- Do everything within their scope of authority to ensure that currently accepted professional standards are complied with, in the department in which they work.
- Keep the health and safety of the patient in mind at all times and act in the best interest of the patient.
- Provide care without discrimination on any basis, respecting the rights and dignity of all individuals.
- Respect and protect the legal and personal rights of the patients that they treat.
- Comply with governmental rules and regulations that relate to and govern their scope and standards of practice.
• Divulge no confidential information regarding any patient or family unless disclosure is required for responsible performance of duty, or required by law.

• Refuse to participate in unethical or illegal acts; and refuse to conceal illegal, unethical or incompetent acts of others.

• Avoid any form of conduct that creates an impermissible conflict of interest, following the principles of ethical business behavior.

• Actively maintain and continually improve their professional competence, and represent it accurately.

• Demonstrate behavior that reflects integrity, supports objectivity, and maintains a positive public image of the profession and its professionals.

• Maintain CBN® certification as defined by the ASMBS.

All Candidates will be governed by the policies current at the time of application for the examination. Eligibility for the CBN Examination may be suspended or revoked for any of the following:

1. Obtaining or attempting to obtain credentialing by fraud, deception, or artifice.
2. Knowingly assisting another person or other persons in obtaining or attempting to obtain credentialing by fraud, deception, or artifice.
3. Illegal use of a CBN certificate or falsification of credentials.
4. Unauthorized possession and/or distribution of any official testing or examination materials.
5. Violation of the ASMBS Standards of Conduct.
Applying and Scheduling an Examination

You must register online at www.goAMP.com by selecting “Schedule/Apply For An Exam.” The computer will guide you through the process. After your application information and credit card payment (VISA, MasterCard, American Express and Discover) have been submitted, you will be prompted to schedule an examination appointment or to supply additional eligibility information.

When you schedule your examination be prepared to confirm a location and a preferred date and time for testing. You will be notified of the time to report to the Assessment Center and you will be sent an e-mail confirmation notice.

If special accommodations are being requested, complete the Request for Special Examination Accommodations forms included in this handbook and submit it to AMP at least 45 days prior to the desired examination date.

Incomplete applications will not be processed. Candidates will not be considered for admission to the examination until their examination application is complete.

Examination and Application Deadline Dates (11:59PM CST on each registration date)

**You will need to provide your ASMBS member number when registering if you wish to receive the member rate.**

**International Candidates**

International candidates must be registered nurses or their country’s equivalent in order to sit for the exam.

International candidates will be required to provide an English copy of their nursing licenses prior to taking the CBN exam. Examination scores will not be released until this document has been submitted.

The CBN examination is only offered in English and is based on a practice analysis of nursing care of the morbidly obese and bariatric surgical patients in the United States of America. For more information on the type of material covered in the examination please see the Content Outline included in this handbook.

The examination will be offered in test centers around the world. Test center information will be available on [http://www.goamp.com](http://www.goamp.com).

International candidates please contact AMP for scheduling following completion of your online application at AMPIntlExamServices@goamp.com and cbn@asmbs.org for license verification.

**License and Professional Experience Verification**

In order to sit for the CBN examination each candidate’s license must be verified by ASMBS staff. Candidates whose name, as given upon examination registration, differs from the name on their nursing license must submit a copy of their marriage certificate or divorce decree verifying their name change. Examination scores will not be released until a candidate’s license is verified and all relevant name change documents are received.

Five (5) percent of candidates sitting for the CBN examination will be audited for verification of their required professional experience.

**Rescheduling or Canceling an Examination**

You may reschedule your appointment ONCE at no charge by calling AMP at 888-519-9901 at least two business days prior to your scheduled appointment. The following schedule applies.

<table>
<thead>
<tr>
<th>If the Examination is scheduled on . . .</th>
<th>AMP must be contacted by 3:00 p.m. Central Time to reschedule the Examination by the previous . . .</th>

</tr>
</tbody>
</table>
Missed Appointments and Cancelations

You will forfeit your examination registration and all fees paid to take the examination under the following circumstances:

- You wish to reschedule an examination but fail to contact AMP at least two business days prior to the scheduled testing session.
- You wish to reschedule a second time in the same testing window.
- You appear more than 15 minutes late for an examination.
- You fail to report for an examination appointment.

A new, complete application and examination fee are required to reapply for the examination.

Examination Administration

Examinations are delivered by computer at more than 190 AMP Assessment Centers located throughout the United States. Computer examinations are administered by appointment only Monday through Friday at 9:00 a.m. and 1:30 p.m. Saturday appointments may be scheduled based on availability. Available dates will be indicated when scheduling your examination. Candidates are scheduled on a first-come, first-served basis.

Assessment Center Locations

AMP Assessment Centers have been selected to provide accessibility to the most candidates in all states and major metropolitan areas. A current listing of AMP Assessment Centers, including addresses and driving directions, may be viewed at AMP’s website located at www.goAMP.com. Specific address information will be provided when you schedule an examination appointment.

Special Examination Accommodations

AMP complies with the Americans with Disabilities Act and strives to ensure that no individual with a disability as defined by the ADA as a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such an impairment, or a person who is perceived by others as having such an impairment is deprived of the opportunity to take the examination solely by reason of that disability. AMP will provide reasonable accommodations for candidates with disabilities. Candidates requesting special accommodations must call AMP at 888-519-9901 to schedule their examination.

1. Wheelchair access is available at all established Assessment Centers. Candidates must advise AMP at the time of scheduling that wheelchair access is necessary.

2. Candidates with visual, sensory, physical or learning disabilities that would prevent them from taking the examination under standard conditions may request special accommodations and arrangements.

Verification of the disability and a statement of the specific type of assistance needed MUST BE MADE IN WRITING TO AMP at least 45 calendar days prior to your desired examination date by completing the Request for Special Examination Accommodations form. AMP will review the submitted forms and will contact you regarding the decision for accommodations.
Telecommunication Devices for the Deaf

AMP is equipped with Telecommunication Devices for the Deaf (TDD) to assist deaf and hearing-impaired candidates. TDD calling is available 8:30 a.m. to 5:00 p.m. (Central Time) Monday thru Friday at 913-895-4637. This TDD phone option is for individuals equipped with compatible TDD machinery.

You may find these forms at the back of the handbook on page 36 and 37.

Taking the Examination

Your examination will be given via computer at an AMP Assessment Center. You do not need any computer experience or typing skills to take the computer examination. On the day of your examination appointment, report to the Assessment Center no later than your scheduled testing time. IF YOU ARRIVE MORE THAN 15 MINUTES AFTER THE SCHEDULED TESTING TIME, YOU WILL NOT BE ADMITTED.

IDENTIFICATION

To gain admission to the assessment center, you must present two forms of identification. The primary form must be government issued, current and include your name, signature and photograph. No form of temporary identification will be accepted. You will also be required to sign a roster for verification of identity.

- Examples of valid primary forms of identification are: driver's license with photograph; state identification card with photograph; passport; military identification card with photograph.

- The secondary form of identification must display your name and signature for signature verification (e.g., credit card with signature, social security card with signature, employment/student ID card with signature).

- If your name on your registration is different than it appears on your identification, you must bring proof of your name change (e.g., marriage license, divorce decree or court order).

Candidates must have proper identification to gain admission to the Assessment Center. Failure to provide appropriate identification at the time of the examination is considered a missed appointment. There will be no refund of examination fees.

SECURITY

AMP administration and security standards are designed to ensure all candidates are provided the same opportunity to demonstrate their abilities. The Assessment Center is continuously monitored by audio and video surveillance equipment for security purposes.

The following security procedures apply during the examination:

- Examinations are proprietary. No cameras, notes, tape recorders, pagers or cellular/smart phones are allowed in the testing room. Possession of a cellular/smart phone or other electronic devices is strictly prohibited and will result in dismissal from the examination.

- No calculators are allowed.

- No guests, visitors or family members are allowed in the testing room or reception areas.

- Candidates may be subjected to a metal detection scan upon entering the examination room.
PERSONAL BELONGINGS
No personal items, valuables or weapons should be brought to the Assessment Center. Only wallets and keys are permitted. Large coats and jackets must be left outside the testing room. You will be provided a soft locker to store your wallet and/or keys with you in the testing room. The proctor will lock the soft locker prior to you entering the testing room. You will not have access to these items until after the examination is completed. Please note the following items will not be allowed in the testing room except securely locked in the soft locker.

• watches
• hats
• wallets
• keys

Once you have placed your personal belongings into the soft locker, you will be asked to pull out your pockets to ensure they are empty. If you bring personal items that will not fit in the soft locker, you will not be able to test. The site will not store or be responsible for your personal belongings.

If any personal items are observed or heard (e.g., cellular/smart phones, alarms) in the testing room after the examination is started, you will be dismissed and the administration will be forfeited.

EXAMINATION RESTRICTIONS

• Pencils will be provided during check-in.
• You will be provided with one piece of scratch paper at a time to use during the examination, unless noted on the sign-in roster for a particular candidate. You must return the scratch paper to the proctor at the completion of testing or you will not receive your score report.
• No documents or notes of any kind may be removed from the Assessment Center.
• No questions concerning the content of the examination may be asked during the examination.
• Eating, drinking or smoking is not permitted in the Assessment Center.
• You may take a break whenever you wish, but you will not be allowed additional time to make up for time lost during breaks.

MISCONDUCT
If you engage in any of the following conduct during the examination you may be dismissed, your scores will not be reported and examination fees will not be refunded. Examples of misconduct are when you:

• create a disturbance, are abusive or otherwise uncooperative;
• display and/or use electronic communications devices such as pagers, cellular/smart phones;
• talk or participate in conversation with other examination candidates;
• give or receive help or are suspected of doing so;
• leave the Assessment Center during the administration;
• attempt to record examination questions or make notes;
• attempt to take the examination for someone else;
• are observed with personal belongings, or
• are observed with unauthorized notes, books or other aids not listed on the roster.
**Inclement Weather, Power Failure, Emergency or Other Testing Site Issues**

In the event of inclement weather or unforeseen emergencies on the day of an examination, AMP will determine whether circumstances warrant the cancelation, and subsequent rescheduling, of an examination. The examination will usually not be rescheduled if the Assessment Center personnel are able to open the Assessment Center.

You may visit AMP’s website at www.goAMP.com prior to the examination to determine if AMP has been advised that any Assessment Centers are closed. Every attempt is made to administer the examination as scheduled; however, should an examination be canceled at an Assessment Center, all scheduled candidates will receive notification following the examination regarding rescheduling or reapplication procedures.

If power to an Assessment Center is temporarily interrupted during an administration, your examination will be restarted. The responses provided up to the point of interruption will be intact, but for security reasons the questions will be scrambled.

If an unexpected delay arises at a scheduled testing center contact AMP at 888.519.9901 or info-amp@goAMP.com.

**Computer Login**

After your identification has been confirmed, you will be escorted to the examination room. Upon entering the examination room, you may be subjected to a metal detection scan. You will then be directed to a testing carrel. You will be instructed on-screen to enter your identification number. You will take your photograph which will remain on screen throughout your examination session. This photograph will also print on your score report.

**Practice Examination**

Prior to attempting the examination, you will be given the opportunity to practice taking an examination on the computer. The time you use for this practice examination is NOT counted as part of your examination time or score.

When you are comfortable with the computer testing process, you may quit the practice session and begin the timed examination.

If you wish to see and practice navigating within the computer-based testing environment before your examination date, a free online computer-based testing tutorial is available. Visit our store at www.LXR.com and follow the instructions to access a Sample Web Test.

**Timed Examination**

Following the practice examination, you will begin the timed examination. Before beginning, instructions for taking the examination are provided on-screen.

The computer monitors the time you spend on the examination. The examination will terminate if you exceed the time allowed. You may click on the “Time” box in the lower menu bar on the screen to monitor your time. A digital clock indicates the time remaining for you to complete the examination. The Time feature may be turned off during the examination.
Only one examination question is presented at a time. The question number appears in the lower right of the screen. Choices of answers to the examination question are identified as A, B, C or D. You must indicate your choice by either typing in the letter in the response box in the lower left portion of the computer screen or clicking on the option using the mouse. To change your answer, enter a different option typing in the letter in the response box or by clicking on the option using the mouse. You may change your answer as many times as you wish during the examination time limit.

To move to the next question, click on the forward arrow (>) in the lower right portion of the screen. This action will move you forward through the examination question by question. If you wish to review any question(s), click the backward arrow (<> or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the examination session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the Time button.

To identify all unanswered and/or bookmarked questions, click on the hand icon. When the examination is completed, the number of examination questions answered is reported. If not all questions have been answered and there is time remaining, you may return to the examination and answer those questions. Be sure to provide an answer for each examination question before exiting the examination. There is no penalty for guessing.

**Candidate Comments**

During the examination, comments may be provided for any question by clicking on the button displaying an exclamation point (!) to the left of the Time button. This opens a dialogue box where comments may be entered. Comments will be reviewed, but individual responses will not be provided.

**Following The Examination**

After completing the examination, you are asked to complete a short evaluation of your examination experience. Then, you are instructed to report to the examination proctor to receive an examination completion report. Candidates testing at an international location will not receive a completion form. An official score report will be mailed approximately 4-8 weeks following the examination.

**Test Security**

All examination questions are the copyrighted property of ASMBS. It is forbidden under federal copyright law to copy, reproduce, record, distribute or display these examination questions by any means, in whole or in part. Doing so may subject you to severe civil and criminal penalties.

**NOTICE AND AGREEMENT:** You may not have any person, whether paid or unpaid, take the examination on your behalf. In addition, you may not share any portion of this examination by any means, including memorization, with anyone. If you fail to comply with these restrictions, the ASMBS will void your test results, and you may be subject to legal action.
Test Scoring and Score Reporting

Passing Score

To ensure the integrity and security of the test, every form of the CBN Examination consists of a unique combination of items. Thus, no two versions of the CBN Examination are identical. Although different forms of the examination conform to the same content outline, they may not be precisely equivalent with respect to item difficulty. ASMBS uses a criterion-referenced standard setting procedure for determining the passing score for each CBN Examination to ensure that candidates of comparable proficiency will be equally likely to pass the examination regardless of minor fluctuations in overall difficulty level across versions of the CBN Examination.

Score reports present the candidate’s raw score, which is the number of items answered correctly, and the minimum raw passing score. The passing score may vary slightly from one form of the examination to another. A statistical process called equating is used to ensure consistency in the meaning of the score required to pass an examination. If the raw passing score varies slightly between different forms, the level of knowledge required to achieve the passing score remains the same, thus assuring that all candidates are treated fairly.

Score Processing

Score processing is more than a simple process of scanning through candidates’ answers, calculating a score and printing a score report. There are several system checks and routines in place that must be run in order to produce accurate score reports. When examination information is received by AMP from the test sites, candidates’ responses are recorded by AMP. A preliminary analysis of test item statistics is produced and members of the Examination Development Subcommittee (EDS) review questionable items. This review permits the EDS to make adjustments to scoring if there are any flawed test items. A final scoring key is produced and all candidate responses are scored. Score report are then printed, reviewed, prepared for distribution, and mailed.

Score Reporting

Test results will be mailed to all examinees approximately 4 to 8 weeks following the examination. No results will be provided prior to this mailing. The score report gives the overall pass/fail result, the candidates total raw score, and the number of items correct in each domain area for diagnostic purposes. The pass/fail decision is based only on the overall total score.

Neither ASMBS nor AMP will release score information to anyone over the telephone or by facsimile. Neither ASMBS nor AMP will release individual scores by name without an examinee's written authorization to do so. The name and registration status of individuals who successfully complete the ASMBS examination may be published and released upon request to employers and other interested parties.
Cancellation of Scores

The ASMBS is concerned with reporting only valid scores. On rare occasions, circumstances may make a subset of test scores invalid. The ASMBS reserves the right to cancel or withhold test scores if there is any reason to question their validity. Scores declared invalid and cancelled may be grouped into two categories:

1. Doubts may be raised about the validity of candidates’ scores because of suspected misconduct; in such circumstances, candidates are to cooperate in the investigation of their scores. Such candidates will be notified of procedures to ensure fair treatment.

2. Some scores may be rendered invalid because of circumstances beyond candidates’ control, such as faulty test materials or mistiming. In this event, re-testing will be arranged.

In addition to the reasons listed above, the ASMBS may cancel or invalidate examination results if, upon investigation, violations of ASMBS policies are found to have been committed.

Confidentiality

Information about candidates for testing and their examination results are considered confidential. Studies and reports concerning candidates will contain no information identifiable with any candidate, unless authorized by the candidate.

Duplicate Score Report

You may purchase additional copies of your results at a cost of $25 per copy. Requests must be submitted to AMP in writing. The request must include your name, identification number, mailing address, telephone number, date of examination and examination taken. Submit this information with the required fee payable to AMP in the form of a money order or cashier’s check. Duplicate score reports will be mailed within approximately five business days after receipt of the request and fee. Requests must be submitted within one year of your examination to be processed.

Re-Examination

Candidates who do not pass an examination, or who fail to appear for a scheduled examination, may be admitted to a future examination. All repeat candidates must complete another application form and pay the appropriate fee by the established application deadline and meet all eligibility requirements in effect at the time of the subsequent application.

Disciplinary Action

The ASMBS has established a judiciary process to identify violations of the Standards of Conduct for Certified Bariatric Nurses and to determine appropriate disciplinary action (please see page 7). CBN candidates and Certified Bariatric Nurses alleged to have committed a violation of the ASMBS’ policies are afforded a fair opportunity to refute the allegation or explain the situation fully prior to the Judiciary Committee taking any action. Information on how to file a complaint and the judiciary process may be viewed at the ASMBS website, http://www.asmbs.org.
Candidate Grievances

Disagreement with test results or complaints concerning application or testing procedures must be made in writing to Applied Measurement Professionals, Inc., 18000 W 105th Street Olathe, KS 66061, p. 888-519-9901, f. 913-895-4651, info-amp@goAMP.com Grievances concerning a specific examination administration must be submitted to the ASMBS Management Office within 30 business days of that examination administration. The ASMBS Management Office will inform the complainant in writing of the Board’s decision. This process may take approximately, but is not limited to, three months.

Verification of Credentials

Individuals or institutions may request written verification of an individual’s registry status and number from the ASMBS Management Office.

CBN® Certificates

Successful examination candidates, in addition to their score results, will receive a certificate to document that they have earned the CBN credential. Certificates will be mailed to successful candidates within twelve weeks of the examination.

Recertification certificates will be mailed in 8-12 weeks after the submission deadline. If you need verification of your recertification before this time you may request a verification letter via email by contacting cbn@asmbs.org.

Candidates must make sure that the name printed on the examination application is correct; the name on the application and admission ticket will be used on the certificate.

Name/Address Changes

Candidates who have a change in their mailing address can update their information online prior to the administration.

Corrections (e.g., name changes, lost certificates, etc.) to certificates after their initial printing or replacements of lost or damaged certificates are available from ASMBS. Please contact ASMBS directly at American Society for Metabolic Bariatric Surgery (ASMBS), 100 SW 75th Street, Suite 201, Gainesville, FL 32607, p. 352.331.4900 or via email at cbn@asmbs.org. Requests for corrected or replacement certificates must be made in writing and be accompanied by a fee of $25.00 via money order or certified check. Please note that a notarized copy of official or certified documentation supporting the request (e.g., a notarized copy of a marriage certificate) must be included with the request. Requests received without official documentation will not be processed.
Recertification Process

Candidates taking and passing the Certified Bariatric Nurse Examination will be issued a time-limited credential that is valid for four years.

Recertification must be completed before the expiration date of the credential or the credential will expire, the registry number of the individual will be retired, and the individual will be removed from the list of Certified Bariatric Nurses. Individuals whose credentials expire will no longer have the right to use the designation CBN. If the requirements for recertification are completed successfully prior to the expiration date, the credential and existing registry number of the individual will be renewed for another four-year period.

*The CBN certificant is responsible for maintaining valid credentials; ASMBS has no obligation to notify certificants of the impending expiration of the certificant’s status.*

When should you recertify your CBN?

Recertification of the CBN can be a lengthy process so please allow enough time to enter the fulfillment options online as well as take into consideration review of credits by the committee. Recertification can take up to, but is not limited to, 12 weeks.

The table below is in reference to the candidate’s final year of certification. As an example, if you tested in February 2013, your early recertification registration dates would begin March 1, 2016.

<table>
<thead>
<tr>
<th>CBN’s who tested in the July window</th>

- 19 -
The Review and Approval Process

The process of recertification may be accomplished in one of two ways:

1. Re-testing Recertification Option:
   CBN Certificants can opt to take the CBN examination within four years of certification.

2. Professional Development/Continuing Education Recertification Option:
   CBN Certificants must demonstrate that they have participated in continuing education relevant to the field of bariatric nursing. (Please see the section on continuing education below.)

All recertification applications are reviewed for approval by the CBN Recertification Committee. A regular schedule for reviews is followed, which occurs 4 times per calendar year. To avoid a lapse in certification, it is highly recommended that the recertification application be submitted as early as possible.

Upon review of the submitted recertification information for recertification option two (professional development/continuing education), the candidate will be approved, not approved, or application incomplete. An incomplete application often has missing data or information regarding the activities listed. Other common errors include duplicate entry of an event, miscalculation of contact hours, and inclusion of non-bariatric related activities. To avoid these and other errors, it is important to review your online application thoroughly before submission.

Before applying for the CBN Recertification, the following eligibility criteria including compliance with the ASMBS Standards of Conduct must be satisfied:

You must be currently licensed as Professional Nurse (RN or equivalent for international nurses) in one of the 50 United States, the District of Columbia or Puerto Rico.

   1. A valid license number must be submitted with the application. Acceptable international nurses’ licensure will be determined on an individual basis by the ASMBS

   2. You must also have a minimum of 1000 hours of professional practice (within the preceding 4 years) of nursing care of Morbidly Obese and Bariatric Surgery patients, predominately in the Bariatric surgery process (i.e.: pre-operative, peri-operative or post-operative/follow up care).

      a. An RN who serves as a Metabolic & Bariatric Surgical Clinical Reviewer (MBSCR) at an accredited Metabolic & Bariatric Surgery Accredited Center through the Metabolic & Bariatric Surgery Accreditation & Quality Improvement Program (MBSAQIP) is eligible to take the examination, assuming they meet all other requirements.

You must provide verification of both requirements upon request.

In addition, eligibility for the CBN Recertification also requires adherence to the ASMBS Standards of Conduct, which can be found on pages 7 & 8 of the ASMBS CBN Candidate Handbook.

Option One: Re-testing Recertification

Candidates for recertification of the CBN credential must pass the CBN Examination prior to the expiration date of their current certification. The content of the examination will be based on the most current role delineation survey conducted by the ASMB.
Individuals may attempt the recertification examination a maximum of three times before their CBN certification expires. Certificants whose credential expires may be eligible to apply for the examination as a new candidate if they meet all requirements for eligibility at the time of application.

**Option Two: Professional Development/Continuing Education Recertification**

The ASMBS strongly encourages CBN certificants to maintain and improve their knowledge and skills through continuing education in topics related to Morbid Obesity and Bariatric Surgery including comorbidities. The purpose of the certification renewal program is to ensure that certified individuals demonstrate a continuing commitment to expand their knowledge and enhance their professional competency within their certification specialty of Morbid Obesity and Bariatric Surgery including comorbidities.

Individuals who wish to complete recertification of their CBN credential by this method will be required to complete one of the following methods within the 48 months preceding the expiration of their certification:

1. 80 contact hours of continuing education,
2. 40 contact hours of continuing education and 2 presentations,
3. 40 contact hours of continuing education and 1 published article in a peer reviewed journal, or
4. 40 contact hours of continuing education and academic credits.

(5) 120 hours as a formal RN student preceptor

*These activities must be completed prior to application for recertification.*

1. **80 Contact Hours of Continuing Education**

Credits granted or awarded for continuing education by a certified or approved for contact hours by an accredited provider or approver of nursing continuing education are accepted. Content of continuing education programs should be relevant to one or more of the four domains of the CBN Examination Content Outline as well as relevant to the knowledge statements (See pages 28-31).

- Continuing education hours require the content must be applicable to nursing care of the morbidly obese or bariatric surgical patient (examples: workshops, study modules, grand rounds offered by your place of employment, local, state or national nursing or professional organization sponsored conferences).
- Independent study and/or e-learning approved for continuing education hours may be used for the required continuing education hours (examples: independent study programs, on-line courses, articles from professional journals).
- CME (Continuing Medical Education) credits may be used for programs that have been formally approved for CME hours. The content must be applicable to morbid obesity or bariatric surgery and relevant to one or more of the four domains of the CBN Examination Content Outline as well as relevant to the knowledge statements (See pages 28-31) (examples: presentations on co-morbid medical conditions of obesity, bariatric surgical procedures, nutritional aspects of obesity/bariatric surgery, epidemiological or psychosocial aspects of morbid obesity).
- **Equivalency: 1 CME = 1 contact hour**
Tips for Success: Include content details for activities that do not clearly state they relate to the obese/bariatric population in the title. For example, if you attend a Conference on Pain Management or an Advanced Practitioner or Staff Development Conference, you will need to list the specific sessions attended that relate to the care of the obese/bariatric population. Also, specific activities related to employment such as BLS, PALs, ACLS are not acceptable as well as unrelated education for licensure; for example, nursing ethics unless relates specifically to the obese population.

2. 40 Contact Hours of Continuing Education and 2 Presentations

Presentations
Different educational presentations in care of bariatric patients that fulfill these criteria:

- primary presenter of a first time presentation;
- presentation(s) time adds up to at least 2 clock hours; more than two presentations can be added together to make the time requirement.
- presentation(s) is/are delivered in a structured teaching/learning framework to nurses, other health care providers, or the public at conferences, grand rounds, in-services, seminars, CD-ROM, internet-based or other e-learning formats, teleconferences, patient/family teaching, or public education.
- Do not submit repeat presentations of the same material or modifications of the same material. Patient education presentations that are given to patients as a portion of the duties of your nursing position will not be accepted.

3. 40 Contact Hours of Continuing Education and 1 Published Article in a Peer-reviewed Journal or Peer-review of a Manuscript

Publication or Research

- One (1) article published in a peer-reviewed journal or a book chapter related to your certification specialty. You must be the author, co-author, editor, co-editor, or reviewer. You must submit the published article citation and in the case of the peer-reviewed journal article indicate the journal, the date of the review request, your submission date(s), and the disposition of article reviewed.
- Four (4) different articles related to your certification specialty published in a non-peer reviewed journals.
- Primary author of content related to your certification specialty utilized in e-learning and/or other media presentation.
- Primary grant writer for either a federal, state, or national organization project, and grant writing is not a primary component of your employment responsibilities. The purpose of the grant must be related to your certification specialty.

4. 40 Contact Hours of Continuing Education and Academic Credits

Academic Credits:

- Complete four semester credits or six quarter credits of academic courses that are required for a nursing major or that address the biopsychosocial knowledge base of professional human service (Example: nursing, nutrition, epidemiology, psychology, physiology, pharmacology). These credits must be provided by an accredited college or university.
• Academic credit received for a thesis or dissertation related to your bariatric certification is acceptable.

5. Preceptor Hours

• Complete a maximum of 120 hours as a preceptor in which you provided direct clinical supervision/teaching to students in an academic program that is related to your certification specialty OR

• Provide a minimum of 120 hours of clinical supervision related to your certification specialty to registered nurses in a formal registered nurse refresher or internship program that relates to our certification specialty.

• For either option above, the following rules apply:
  o Clinical nurse specialists or nurse practitioners must precept CNS and/or NP students in an academic program related to their certification specialties
  o Orientation preceptor hours are not accepted.
  o Preceptor hours cannot be counted toward your certification practice hour requirement.
  o Faculty may not utilize this category for clinical supervision of students in their educational program.

Recertification certificates will be mailed in 8-12 weeks after the submission deadline. If you need verification of your recertification before this time you may request a verification letter via email by contacting cbn@asmbs.org.

Audit

If your certification record is selected for audit, you will be required to submit supporting documents such as a copy of the presentation outline, abstract, letter accepting your abstract, or a letter inviting you to speak, and to provide evidence that you actually presented the topic e.g. a thank you letter on official letterhead. Please maintain supporting documentation for the entire four year certification cycle. Candidates found to have provided fraudulent information are subject to disciplinary action including loss of eligibility for recertification and revocation of their CBN credential.
Recertification Fees

The table below outlines the fees for recertification of CBN based on early, regular and late registration dates:
The recertification fee must be paid online by credit card (Visa, MasterCard, American Express or Discover). *Any other form of payment will not be accepted; and your application will remain unprocessed.*

Frequently Asked Questions

**How do you know the examination really represents actual bariatric nursing practice?**

In 2006, ASMBS completed a nationwide practice analysis, or role delineation survey, to ascertain the role of Bariatric Nurses in terms of the tasks required for competent job performance. The practice analysis undergoes periodic review and update.

The participants in the role delineation constituted a nationally representative group of practitioners involved in bariatric nursing. The results of this study provided current information to delineate the appropriate content, scope and complexity for the CBN.

Using systematic test development procedures, the CBN Examination Development Committee has developed the CBN examination to meet the specifications for testing as derived from the job analysis study. Members of the item writing and examination construction committees are practicing bariatric nurses representing both diversity of practice types, areas, surgical procedures and geographic distribution.

**How do I know if I am eligible to take the CBN Certification Exam?**

You need to be a currently licensed professional nurse (RN or equivalent for international nurses) with a valid license number or equivalent, and have been a professional nurse for a minimum of 2 years.

You must have worked with morbidly obese and bariatric surgery patients for a minimum of 24 months in the preceding four years, predominately in the Bariatric surgery process. (i.e.: pre-operative, peri-operative or post-operative/follow-up care).
RN Metabolic and Bariatric Surgery Clinical Reviewers (MBSCRs) who meet the 2 year experience requirement are eligible to take the CBN examination if all other criteria are met.

Caring for patients hospitalized for non-related conditions or surgeries does not qualify. International nurses are eligible to sit for the CBN examination. Acceptable international nurse licensure will be determined on an individual basis by the ASMBS.

I’ve heard that the examination is geared toward nurses that work in certain areas of bariatric care. I work in (insert one—the OR, a bariatric floor, a bariatric office). Will the examination be too hard for me?

The examination was developed based on a nationwide practice analysis of all aspects of bariatric surgical nursing care (pre-operative, operative and post-operative). The practice analysis was validated by over 500 nurses who were surveyed which determined that all parts of the practice analysis (or content) outline are valid content for nurses who practice as bariatric nurse coordinators, bariatric nurse program directors and hospital staff nurses on bariatric surgical units. If you work in one specific area, you may need to focus your preparation on the areas in which you have less knowledge. Examples: a bariatric office nurse may want to review peri-operative and in-hospital care; hospital staff nurses may want to review preoperative screening and preparation as well as ongoing and long term follow up principles. Additionally, in your practice you may not be exposed to all of the major bariatric surgical procedures and you will need to review these procedures and required nursing care.

How do I prepare for the Certified Bariatric Nurse exam?
You may prepare in any of the following ways. First review the “Content Outline” found in the Candidate Handbook (pages 28-31). Determine what areas of knowledge you will need to increase or attain. Then, choose one or more of the following methods:

- **Self-Study**
  The Certified Bariatric Nurse Candidate Handbook provides you with a reference list of journals and books (pages 34-36). It is not intended that you should purchase any or all of these journals, but use them as a reference list to study areas that you believe are needed in order to strengthen your knowledge or that are unfamiliar.

- **Group Study**
  Some candidates have formed study groups and utilized different members of their bariatric surgical teams to present lectures with discussions based on the “Content Outline” which is a reflection of the “Practice Analysis”.

- **ASMBS Review Course**
  ASMBS currently offers a Certified Bariatric Nurse Examination Review course. This is a one and a half day review course, and the domain content areas will be presented by faculty that has received their certification as Certified Bariatric Nurses (CBN) from the ASMBS. The faculty and course directors are prohibited from discussion of and/or participation in any aspect of the CBN examination development. The course curriculum presents a general review of surgical bariatric and morbid obesity topics and is organized around the domains, task and knowledge statements of the practice analysis. The courses will be offered at various times during the year. In addition, the ASMBS offers a recently updated (10-1-2014) and extended Certified Bariatric Nurse Examination Review course online over the Internet that may be taken anytime throughout the year. See the ASMBS website, www.asmbs.org for further details.
ASMBS Study Guide
A study guide developed by the ASMBS Review Course directors will be available online at www.asmbs.org.
All candidates are advised to review the full range of bariatric procedures, especially those that are not performed in their practice area.

Is there any collaboration between the test item writers (those people who develop the test questions) and the Certified Bariatric Nurse Examination Review course committee members?
No. In order to maintain test integrity, item writers and those who prepared the examination are prohibited from discussion of and/or participation in any aspect of the Certified Bariatric Nurse Examination Review course or product development.

Is the CBN certification program accredited?
We are currently members of the American Board of Nurse Specialties (ABNS) and are planning to submit our application to their accreditation arm of the American Board for Specialty Nursing Certification (ABNSC) in the next 1-2 years. Additionally, we plan to pursue accreditation with the National Commission for Certifying Agencies (NCCA). For a certification examination to be accredited by the above organizations, it must be developed and administered according to established testing guidelines and meet the statistical analysis standards set forth. We have completed our practice analysis, developed the examination and we are administering the examination with these standards in minds. Currently, we are working with our consultant (Professional Examination Service) to achieve accreditation as quickly as possible.

Can the CBN® be used as a professional nursing certification in submissions to the Magnet Recognition Program®?
Yes, the CBN is eligible to be used as a nursing certification in completion of submissions for Magnet Recognition Program® when completing the Demographic Information Form (DIF).
EXAMINATION PREPARATION INFORMATION

Preparation for the Examination

The following are guidelines to help familiarize you with the directions for taking the examination.

1. Read and follow all instructions carefully.

2. The examination will be timed. You may not bring anything into the testing room but a timer on the computer screen will track the official time. For best results, pace yourself by periodically checking your progress. This will allow you to make necessary adjustments. Remember, the more questions you answer, the better your chance of achieving a passing score.

3. Be sure to record an answer for each question, even if you are not sure that the choice is correct. Avoid leaving any questions unanswered; marking an answer to all questions will maximize your chances of passing. There is no penalty for guessing and all questions are of equal weight.

Examination Content

To prepare in an informed and organized manner, you should know what to expect from the actual examination in terms of the content areas and performance levels tested. As described in the INTRODUCTION to this handbook, a role delineation survey was conducted to determine appropriate content for the CBN Examination in accordance with the 1999 “Standards for Educational and Psychological Testing”.

The participants in the role delineation constituted a nationally representative group of practitioners involved in bariatric nursing. The job responsibility domains and task descriptions defined in the role delineation survey were rated by participants for criticality and frequency. Knowledge, skills and abilities that are fundamental to the performance of each task are represented by the knowledge/skills/abilities (KSA) Statements listed in the Content Outline.

The results of the role delineation survey were used to construct the Content Outline that defines the content of the CBN Examination. Four domains are identified in the Content Outline. Domains are principal areas of responsibility for activity comprising the job or occupation under consideration. These are the major headings in the Content Outline and may include a brief behavioral description of the domain. Each domain has one or more task statements associated with it. Task statements define a specific, goal-directed set of activities having a common objective. There are also several Knowledge Statements that define the basic knowledge and skill base required for an individual to perform the duties of a Bariatric Nurse. Knowledge Statements define organized bodies of information, usually of a factual or procedural nature, which if applied, make performance of the task possible. The Content Outline that follows defines domains from which examination questions may be drawn.
DOMAIN 01: CLINICAL MANAGEMENT – (64%) Provide and document direct and indirect clinical care and education to morbidly obese and bariatric surgery patients/family/support persons.

Clinical Management - Pre-operative (Pre-hospital) Tasks
01. Provide and educate candidate/family/support persons with information and resources to assist them in making an informed decision regarding bariatric surgery (for example, pre-operative process, surgical options, risks & benefits, lifestyle changes).
02. Assess and document candidate's understanding of bariatric surgery options.
03. Obtain and review medical, surgical, psychosocial, and cultural history to minimize risks and identify unique needs of the morbidly obese as a bariatric surgery candidate.
04. Coordinate referrals and communicate with the inpatient and outpatient multidisciplinary team to increase opportunity for optimal outcomes.
05. Educate patient/family/support persons regarding preventative measures, signs and symptoms of short- and long-term complications, and appropriate reporting of signs/symptoms of complications.
06. Educate patient/family/support persons about phases of bariatric surgery, including patient responsibilities (for example, pre-operative evaluation, the hospital stay, physical activity, nutrition and supplementation, follow-up, support groups).
07. Evaluate and address patient/family/support persons' knowledge deficits specific to bariatric surgery.

Clinical Management – Perioperative Tasks (Hospitalization)
08. Assess and individualize patient care based on the unique needs of morbidly obese and bariatric surgery patients.
09. Obtain specialized equipment with appropriate tolerances for morbidly obese and bariatric surgery patients.
10. Implement patient care protocols (for example, airway, transfer, position, medication, pain management) that address the special needs of morbidly obese and bariatric surgery patients.
11. Monitor for complications and take preventive and remedial actions.
12. Assess, modify, and review pre-operative education appropriate to needs of patient/family/support persons.
13. Create and implement discharge plan appropriate to specific needs of bariatric patient/family/support persons, including providing written materials for reinforcement and review.

Clinical Management - Follow up Tasks (Post-hospital)
14. Assess, clarify, modify, and reinforce bariatric education and provide additional intervention (for example, education, referral), as needed.
15. Review and evaluate patient understanding of and compliance with medical regimen (for example, medications, physical activity, nutrition and supplementation, self-care), and intervene as needed.
16. Assess psychosocial adjustment/accommodation to physical changes and intervene, as appropriate.
17. Identify short- and long-term complications unique to bariatric surgery patients (for example, obstructions, strictures, leaks, gastric prolapse) and take appropriate action.
18. Encourage healthy behaviors (for example, nutrition and supplementation, physical activity) to enhance long-term weight loss success.
19. Encourage participation in support group(s) to promote successful long-term weight loss.
20. Instruct and encourage the patient to follow-up with appropriate health care providers.
21. Identify, evaluate, and report secondary effects of surgery (for example, dumping, redundant skin, and psychosocial issues), document, and take appropriate actions.
22. Identify and intervene with non-compliant patients (for example, maladaptive eating, failure to follow-up with care provider)
23. Evaluate and report resolution or improvement of comorbid conditions.
24. Perform quality of life measurements to assess improvements in social and cognitive levels and general well-being relative to pre-operative levels.

**DOMAIN 02: MULTIDISCIPLINARY TEAM COLLABORATION – (16%)** Communicate and educate to (a) facilitate continuity of care among multidisciplinary teams for optimal patient outcomes, and (b) improve the quality of care for morbidly obese and bariatric surgery patients.

**Tasks**
01. Assess the multidisciplinary team's knowledge level related to the special considerations of morbidly obese and bariatric surgery patients.
02. Create and implement formal and informal multidisciplinary education supported by evidence-based practice related to the care of morbidly obese and bariatric surgery patients for optimal patient outcomes.
03. Evaluate and document formal and informal multidisciplinary education related to the care of morbidly obese and bariatric surgery patients for optimal patient outcomes.
04. Coordinate and communicate the unique needs of bariatric surgery patients to various multidisciplinary healthcare care providers outside of the multidisciplinary team (for example, chiropractors, non-local healthcare providers, dentists, obstetricians).
05. Collaborate with multidisciplinary team to maintain teaching that is appropriate to the psychosocial, cultural, economic, and educational level of morbidly obese and bariatric surgery patients.
06. Initiate and facilitate collaborative relationships within the multidisciplinary team to foster sensitivity to morbidly obese and bariatric surgery patients.
07. Coordinate delivery of the multidisciplinary education related to the care of morbidly obese and bariatric surgery patients to improve patient outcomes/quality of care.
08. Create, implement, and evaluate perioperative protocols (for example, airway, transfer, position, medications, and pain management) to address the special needs of morbidly obese and bariatric surgery patients.

**DOMAIN 03: OUTREACH – (6%)** Provide advocacy, support, and education to individuals, support groups, community groups, and healthcare professionals related to morbidly obese and bariatric surgery patients.

**Tasks**
01. Contribute to and advance the knowledge base of individuals, support groups, community groups, and health care professionals through interactions, presentations, publications, research, and/or involvement with professional organizations related to the morbidly obese.
02. Facilitate and foster advocacy in the general and professional population related to the morbidly obese through role modeling, teaching, and/or mentoring.
03. Promote the development of, encourage participation in, and/or facilitate support groups and programs for bariatric surgery patients, families, and support persons for optimal patient outcomes.

04. Provide general education using varied media (for example, web sites, newsletters, seminars) on the subject of bariatric surgery to the community at large.

**DOMAIN 04: PROGRAM ADMINISTRATION – (14%)** Provide leadership and a framework to (a) coordinate services for optimal outcomes, and (b) improve the quality of care for morbidly obese and bariatric surgery patients.

**Tasks**

01. Establish patient safety standards and staff safety protocols, including furniture, patient transport/transfer systems, medical and surgical equipment.

02. Apply bariatric ergonomic principles, implement patient safety standards, and staff safety protocols to decrease risk of patient and staff injury.

03. Evaluate innovations in technology and advances in care supported by benchmark studies, literature reviews, evidence-based practice, and/or research, and facilitate incorporation into practice.

04. Gather and evaluate internal and external outcomes data for benchmarking/evaluation of bariatric surgery outcomes.

05. Update patient care practices (for example, policies, protocols, clinical pathways, order sets) related to the care of morbidly obese and bariatric surgery patients based on clinical outcomes.

06. Review and incorporate current guidelines and recommendations of agencies such as the National Institute of Health (NIH) and the American Society for Metabolic and Bariatric Surgery (ASMBS).

07. Review and evaluate the policies of insurance providers regarding their implications on the care of morbidly obese and bariatric surgery patients and implement the corresponding education and policy.

08. Perform quality assurance activities to identify process improvement opportunities for the care of morbidly obese and bariatric surgery patients.

09. Identify specific competencies necessary for delivery of care to morbidly obese and bariatric surgery patients.

**KNOWLEDGE STATEMENTS**

01. Incidence and prevalence of morbid obesity

02. Sensitivity issues in the morbidly obese person

03. Etiology of the disease of obesity

04. Comorbid medical conditions associated with morbid obesity

05. Fundamental principles of weight loss and weight gain

06. Medical management of weight loss modalities

07. History of bariatric surgical procedures

08. Bariatric surgical procedure revisions and associated risks

09. Criteria for candidacy as a bariatric surgery patient

10. Contraindications for candidacy as a bariatric surgery patient

11. Special considerations for the treatment of adolescent and geriatric morbidly obese and bariatric surgery patients

12. Abnormal eating behaviors and disorders in morbidly obese and bariatric surgical patients

13. Psychological disorders in relation to morbidly obese and bariatric surgery patients (for example, depression, addiction, schizophrenia, OCD)
14. Special considerations for the treatment of high risk conditions (multiple severe co-morbidities, multiple previous abdominal surgeries, psychological impairment, prior bariatric surgery, severe morbid obesity)
15. Normal anatomy and physiology of the gastrointestinal system
16. Anatomical and physiological changes associated with specific bariatric surgical procedures
17. Risks and benefits of specific bariatric surgical procedures
18. Preoperative process for bariatric surgery patients
19. Intraoperative process for bariatric surgery patients
20. Comorbidity improvement and/or resolution related to specific bariatric surgical procedures
21. Early and late complications of specific bariatric surgical procedures
22. Clinical presentation of complications in the bariatric surgery patient
23. Prevention and treatment of complications of specific surgical procedures
24. Secondary effects of specific bariatric surgical procedures
25. Pulmonary implications of bariatric surgery in morbidly obese and bariatric surgery patients
26. Cardiovascular implications of bariatric surgery in morbidly obese and bariatric surgery patients
27. Thromboembolic implications of bariatric surgery in morbidly obese and bariatric surgery patients
28. Potential risks and complications of nasogastric tube insertion in bariatric surgery patients
29. Skin integrity, skin care, and hygiene of morbidly obese and bariatric surgery patients
30. Fluid and electrolyte management of bariatric surgery patients
31. Implications of morbid obesity and specific bariatric surgical procedures on drug therapies
32. Laboratory and diagnostic testing related to morbidly obese and bariatric surgery patients
33. Implications of laboratory and diagnostic test results for bariatric surgery patients
34. Specialized equipment needs for morbidly obese and bariatric surgery patients
35. Nutrition and supplementation requirements for specific bariatric surgical procedures
36. Identification, treatment, and prevention of nutritional deficiencies
37. Eating behaviors and recommendations specific to bariatric surgical procedures
38. Phases of the dietary progression following specific bariatric surgical procedures
39. Bariatric ergonomics
40. Role of physical activity for morbidly obese and bariatric surgery patients
41. Benefits of healthy lifestyle changes
42. Psychosocial implications of morbid obesity, bariatric surgery, and bariatric surgical weight management
43. Implications of pregnancy in post-operative bariatric surgical patients
44. Implications of alcohol consumption by patients with specific bariatric surgical procedures
45. Modalities to improve patient compliance with the post-operative regimen
46. Discharge planning process for post-operative bariatric surgical patients
47. Role of support groups for bariatric surgical patients/family/support persons
48. Implications of insurance coverage for bariatric surgical patients
49. Risk management related to morbidly obese and bariatric surgery patients
50. Quality improvement principles
51. Professional organization and government agency guidelines and recommendations for the care of morbidly obese and bariatric surgical patients
52. Research principles
53. Informational resources related to morbid obesity and bariatric surgery
54. Professional associations related to morbid obesity and bariatric surgery
Test Specifications

The criticality and frequency data from the Role Delineation Survey were used to determine the number of questions that should be included in the CBN Examination from each Domain. The Test Specification in the table below lists how many questions are included from each Domain.

<table>

Sample Questions

All test items are multiple-choice questions of equal weight with respect to scoring. Candidates are expected to select the one response that BEST answers the question (or completes the sentence). A large majority of the items are positively worded with one best response. The question is positively worded and four options (A, B, C, D) follow. You are to select the one best option as your answer. A few negatively worded questions may appear on the examination. The question is negatively worded such as “All of the following are true EXCEPT” and four options (A, B, C, D) follow. You are to select the one best EXCEPTION as your answer.

The sample multiple-choice questions that follow demonstrate the formats described above. The sample questions are neither intended to be difficult, nor do they necessarily reflect the degree of difficulty of the test. The correct answers are shown in the Answer Key.

The content category is also listed in the answer key so you can see how questions are linked to the test specifications by content category. For example, Content Category for sample item 1 is designated as 01-17-22. Look on the detailed content outline to relate this: first look under Domain 01: Clinical Management, then under Task 17: Identify short- and long-term complications unique to bariatric surgery patients (for example, obstructions, strictures, leaks, gastric prolapse) and take appropriate action, and finally under Knowledge Statement 22: Clinical presentation of complications in the bariatric surgery patient.

1. A patient 4 weeks status post laparoscopic gastric bypass complains of progressive nausea, vomiting, and dysphagia. These symptoms should alert the nurse to suspect a/an:
   A. gastrogastric fistula
   B. anastomotic stricture
   C. internal hernia
   D. small bowel obstruction

2. Postoperatively, preventable long-term complications in gastric bypass patients include significant weight regain and:
   A. steatorrhea
   B. gastric stricture
   C. malnutrition
D. hair loss

3. Which of the following syndromes may occur in association with the postoperative development of thiamine deficiency in patients who have had the Roux-en-Y gastric bypass?

   A. Pickwickian
   B. Wernicke-Korsakoff
   C. Dumping
   D. Metabolic

4. Which clinical information is needed to calculate the body mass index (BMI)?
   A. Height and waist circumference
   B. Weight and waist circumference
   C. Height and weight
   D. Height, weight, and waist circumference

5. In preparing a speech for a community health fair, it is important for the nurse to emphasize that obesity has become the leading cause of:

   A. divorce
   B. preventable death
   C. poverty
   D. mental illness

Reference List

This list is provided as a resource to identify appropriate material that may be useful in preparing for the CBN Examination. This list is not intended to be inclusive of all potentially useful resources nor does it constitute an endorsement by the ASMBS or any officers or representatives of the ASMBS. To assist in locating the listed publications, the web addresses of the publishers are listed when available.

CLINICAL GUIDELINES

Clinical guidelines regarding weight loss and weight loss surgery published by medical and nursing organizations are good resources to study from. Examples of this type of guideline include:

Peri-operative management of obstructive sleep apnea. (2012). Surgery for Obesity and Related Diseases, 8(3), e27-e32.

Gastric band adjustment credentialing guidelines for physician extenders. (2012). Surgery for Obesity and Related Diseases, 8(6), e69-e71.

TEXTS

This is listing of current scholarly texts related to the topic of metabolic and bariatric surgery. Inclusion on this list is not a recommendation of any specific text.

**JOURNALS**

*Bariatric Surgical Practice and Patient Care*, previously Bariatric Nursing and Surgical Patient Care, Mary Ann Liebert Inc.

*Obesity Surgery*, Springer.

*Surgery for Obesity and Related Diseases*,

*Annals of Surgery*

*Journal of the American Medical Association*

*Obesity Management*
If you have a disability covered by the Americans with Disabilities Act, please complete this form and the Documentation of Disability-Related Needs on the reverse side and submit it with your application at least 45 days prior to your requested examination date. The information you provide and any documentation regarding your disability and your need for accommodation in testing will be treated with strict confidentiality.

Candidate Information
Candidate ID # ______________________ Requested Assessment Center:______________________

Name (Last, First, Middle Initial, Former Name)

Mailing Address

City State Zip Code

Daytime Telephone Number Email Address

Special Accommodations
I request special accommodations for the __________________________________________ examination.

Please provide (check all that apply):

_____ Reader

_____ Extended testing time (time and a half)

_____ Reduced distraction environment

_____ Please specify below if other special accommodations are needed.

_______________________________________________________________________________

_______________________________________________________________________________

_______________________________________________________________________________

Comments: _________________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

PLEASE READ AND SIGN:
I give my permission for my diagnosing professional to discuss with AMP staff my records and history as they relate to the requested accommodation.

Signature: _______________________________ Date:____________________________

Return this form with your examination application and fee to:
Examination Services, AMP, 18000 W. 105th St., Olathe, KS 66061-7543.
If you have questions, call the Candidate Support Center at 888-519-9901.
Please have this section completed by an appropriate professional (education professional, physician, psychologist, psychiatrist) to ensure that AMP is able to provide the required accommodations.

### Professional Documentation

I have known ____________________________ since _____ / _____ / _____ in my capacity as a
