The Secretary-Treasurer shall cause notice of any special meeting to be given promptly to the members entitled to vote stating that a meeting will be held at a specified time and date fixed by the Executive Council, provided, however, that the meeting date shall be at least 10 but no more than 120 days after receipt of the request. Nothing in this Section shall be construed as limiting, fixing, or affecting the time at which a meeting of members may be held when the meeting is called by the President or the Executive Council. No business, other than the business that was set forth in the notice of the meeting, may be transacted at a special meeting.

4.12 **Place of Meetings.** Meetings of the Members shall be held at any place designated by the Executive Council.

4.13 **Notice.** Whenever members are required or permitted to take any action at a meeting, a written notice of the meeting shall be given, under Section 4.14 of these Bylaws, to each member entitled to vote at that meeting. The notice shall specify the place, date, and hour of the meeting. For the annual business meeting, the notice may generally state the matters, if any, that the Executive Council, at the time notice is given, intends to present for action by the members. However, the failure of the notice to set forth a particular matter shall not preclude the Executive Council from presenting that

matter or resolution to the Members for action at the annual business meeting. For a special meeting, the notice shall state the general nature of the business to be transacted and shall state that no other business may be transacted.

Approval by the members of any of the following proposals is valid only if the notice or written waiver of notice states the general nature of the proposal or proposals:

- a) Removing an officer or member of the Executive Council unless proposed by the Executive Council;
- b) Amending the articles of incorporation or these Bylaws unless proposed by the Executive Council; or
- c) Electing to merge the Society with another entity, electing to dispose of all or substantially all of the Society's assets, and electing to wind up and dissolve the Society.

Amended April 2011

4.14 Time and Manner of Notice. Notice of any meeting of members, other than the annual business meeting, shall be in writing and shall be given to each Member entitled to vote at least 10 but no more than 120 days before the meeting date. Notice of the annual business meeting of Members shall be in writing and shall be given to each Member entitled to vote at least 60 days before the meeting date. Notice of any meeting may be given either personally or by first-class mail, or by other means of written communication, including electronic mail or facsimile transmission, charges prepaid, and shall be addressed to each member entitled to vote, at the postal or electronic mail address or facsimile number of that member as it appears on the books of the Society or at such address given by the member to the Society for purposes of notice. An affidavit of the mailing of any notice of any members' meeting, or of the giving of such notice by other means, may be executed by the Executive Director or any person designated by the Executive Director, and if so executed, shall be filed and maintained in the Corporation's minute book. However, the failure to execute an affidavit of mailing, or execution of such affidavit after any meeting for which notice was given, shall not affect the validity of any action taken at such meeting. Notice shall be deemed delivered when deposited in the United States mail, if notice is mailed; and upon successful transmission if notice is given by facsimile transmission or electronic mail.

4.15 Voting Rights. Each member in a class of members entitled to vote shall have the right to vote on the election of officers of the Society, on the amount of dues and fees, on the disposition of all or substantially all of the Corporation's assets, on any merger and its principal terms and any amendment of those terms, on any amendment of these Bylaws or the Society's Articles of Incorporation, on any election to dissolve the Corporation, on any resolution properly brought before the Members for action pursuant to Section 4.21 of these Bylaws, and on any other matter required by law or these Bylaws to be voted on by the members. Each Member entitled to vote shall be entitled

to one vote on each matter submitted to a vote of the voting members. Members who are not in good standing or whose memberships have been suspended or terminated under these Bylaws shall not be entitled to vote on any matter.

4.16 **Quorum.** Ten percent (10%) of the voting power shall constitute a quorum for the transaction of business at any meeting of members. "Voting power" means those Members in good standing entitled to vote.

4.17 **Continuing Without a Quorum.** The members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment, even if enough members have withdrawn to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

4.18 **Voting.** a) The members entitled to notice of any meeting or to vote at any such meeting shall be only those persons in whose name memberships stand on the records of the Society on the record date for notice determined pursuant to section 4.20 of these Bylaws.

b) If a quorum is present, the affirmative vote of a majority of the voting power represented at the meeting shall be deemed the act of the members unless the vote of a greater number, or voting by classes, is required by the Iowa Nonprofit Corporation Act or by the Articles of Incorporation. In any election of officers or members of the Executive Council, the candidates receiving the highest number of votes are elected.
Amended April 2011

4.19 **Waiver.** A member's attendance at a meeting shall also constitute a waiver of notice of that meeting unless the member objects at the beginning of the meeting to the transaction of any business because the meeting was not lawfully called or convened. Also, attendance at a meeting is not a waiver of any right to object to the consideration of matters required to be included in the notice of the meeting but not so included, if that objection is expressly made at the meeting.

4.20 **Record Date.** For purposes of establishing the members entitled to receive notice of any meeting, entitled to vote at any meeting, entitled to vote by written ballot, or entitled to exercise any rights in any lawful action, the Executive Council may, in advance, fix a record date. In the absence of any action by the Executive Council to set a record date, the record date for sending notice of a meeting shall be the date notice is sent; for voting at a meeting shall be ten days before the date of the meeting; for voting by written ballot shall be ten days before the mailing of written ballots; and for taking any other action shall be ten days before that action.

4.21 **Conduct of Meetings Including Annual Business Meeting.** The President shall preside as chairperson at all meetings of the members. The chairperson shall conduct each meeting in a businesslike and fair manner and should generally follow the rules of procedure outlined in Robert's Rules of Order as revised from time to

time. The chairperson shall have all of the powers usually vested in the chairperson of a meeting of members. Without limiting the generality of the foregoing, the chairperson's rulings on procedural matters shall be conclusive and binding on all members, unless at the time of a ruling a request is made to the members present and entitled to vote, in which case the decision of a majority of such members shall be conclusive and binding on all members.

The order of business at the annual business meeting shall be presentation of committee reports, presentation of old business carried over from prior meetings for action by the Members, presentation by the Executive Council of new business for action by the Members, presentation of resolutions from the Members for action by the Members, presentation of newly elected officers and Executive Council members, and adjournment. The agenda order may be altered, and the time allotted for discussion of any particular item restricted by the Chairperson in his or her sole discretion. The order of business at special meetings shall be restricted to discussion of the matters set forth in the notice of the special meeting.

Other than parliamentary or procedural motions, no resolution from the floor or proposed by a Member shall be presented to the Members for discussion or action unless the proposed resolution was submitted to the Executive Council in writing signed by at least ten Members in good standing at least thirty days prior to the annual business meeting or, in the case of a special meeting, at least thirty days prior to the special meeting. Nothing in these Bylaws shall limit or restrict the number of or subject matter of any resolutions presented by the Executive Council to the Members for action at the annual business meeting. The Executive Council may present resolutions, including proposed amendments to the Bylaws or to the Articles of Incorporation, to the Members for action whether or not the notice of the annual business meeting sets forth the proposed resolution.

Amended April 2011

Amended January 2012

4.22 Adjournment. Any members' meeting, whether or not a quorum is present, may be adjourned to another time and place by the vote of the majority of the members represented at the meeting. No meeting may be adjourned for more than 60 days. When a members' meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place to which the meeting is adjourned are announced at the meeting at which adjournment is taken. If after adjournment a new record date is fixed for notice or voting, a notice of the adjourned meeting shall be given to each member who, on the record date for notice of the meeting, is entitled to vote at the meeting. At the adjourned meeting, the Corporation may transact any business that might have been transacted at the original meeting.

4.23 Action by Mailed or Electronic Written Ballot. Any action that members may take at any meeting of members may also be taken without a meeting as set forth in this section. Nomination and election of officers and members of the Executive Council shall be conducted electronically as set forth in sections 5.06 through

5.09. A written ballot may be mailed or transmitted electronically to each member entitled to vote as set forth in Section 4.14. The solicitation accompanying the ballot shall state the number of responses required in order to meet the quorum requirement of Section 4.16; the percentage of approvals necessary in order to pass the measure(s); and shall specify the manner in which the completed ballot must be returned to the Society and the time by which the completed ballot must be received by the Society in order to be counted. Each ballot shall set forth the proposed action; give the Member the opportunity to specify approval or disapproval of each proposal; and provide a reasonable time in which to return the ballot. Any ballot marked by the Member “withhold” or which otherwise indicates the Member’s authority to vote is withheld shall not be counted for or against the indicated measure but shall be counted in determining a quorum. Approval by written or electronic ballot shall be valid when the number of votes cast, including ballots marked “withhold” or some similar designation, and received by the Society within the designated time period meets or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals meets or exceeds the number of votes that would be required for approval at a meeting attended by the Members. Once returned to the Society a written or electronic ballot may not be revoked. All written or electronic ballots shall be maintained by the Society for three years from the deadline for returning the ballots.

Amended April 2011

Notice of the special meeting need not be given any member of the Executive Council who signs a waiver of notice or written consent to holding the meeting, or an approval of the minutes of the meeting, whether before or after the meeting, or who attends the meeting without protesting the lack of notice to that member either before or at the commencement of the meeting. All waivers, consents, and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

5.15 Quorum at Meetings of the Executive Council. A majority of the members of the Executive Council shall be necessary at all times to constitute a quorum for the transaction of any business. If a quorum is present, the affirmative vote of a majority of the members of the Executive Council present shall be deemed the act of the Executive Council unless the vote of a greater number of members is required by law, the Articles of Incorporation, or these Bylaws; provided, however, that any meeting at which a quorum was initially present may continue to transact business notwithstanding the withdrawal of voting members if any action taken is approved by at least a majority of the required quorum for that meeting, or such greater number as is required by the law, the Articles or these Bylaws.

5.16 Action Without a Meeting. Any action required or permitted to be taken at any meeting of the Executive Council may be taken without a meeting if a written consent to such action is signed by all members of the Executive Council and such consent is filed with the minutes of the Executive Council.

5.21 Removal of Members of Executive Council. Any member of the Executive Council may be removed from office at any time by a majority vote of the Executive Council, Ethical Advisory Committee, and the Nominations Committee whenever in their judgment removal is in the best interests of the Society. Any member of the Council appointed or elected by the President may be removed by a majority vote of the members of the Council whenever in the Council's judgment removal is in the best interests of the Society. The removal of any officer or member of the Executive Council shall be without prejudice to the contract rights, if any, of the officer or member removed.

Amended June 2016

5.22 Resignation of Members of Executive Council. Any member of the Executive Council may resign effective upon giving written notice to the President, the Secretary or to the Executive Council. The acceptance of a resignation shall not be necessary to make it effective.

The establishment of a standing or special committee or an executive committee shall be affected by a resolution of the Executive Council approved by the vote of a majority of the members of the Council then in office, which specifically sets forth the powers and duties delegated to such committee. The designation of any such committee and the delegation to it of authority shall not operate to relieve the Executive Council, or any member thereof, of any responsibility under the law.

b) The term “standing committee” or “special committee” shall mean any committee appointed by the Executive Council, which is authorized by specific delegation, without further Council action, to make and implement decisions on behalf of the Council, or to implement, with some degree of discretion, decisions of the Council pursuant to guidelines established by the Executive Council. Notice of, and procedures for, meetings of standing or special committees shall be as prescribed by the chairman of each such committee, and meetings of standing or special committees may be called by the Executive Council or by the chairman of the standing or special committee.
