

I believe I should be considered for the IHSEC member-at-large position because I have can bring a new perspective to the committee as I am relatively new to ASMBS but certainly not new to leadership or bariatrics. I am excited to continue to help the IH members be a strong presence in ASMBS. The main reason why I chose to be a part of the membership committee was to help maintain/increase the IH membership and why I enjoy leading that committee at this time. I am looking forward to the upcoming project that we will be unveiling soon to help showcase IH members who may not be recognized often within ASMBS. I believe I am a consistent, reliable, organized leader who can work well with many types of individuals and I would enjoy the privilege of working with the ASMBS IHSEC.
