

# Certified Bariatric Nurse (CBN) Program

**Annual Aggregate Data Report – Calendar Years 2023-2025**

*Posted in accordance with the CBN Posting of Aggregate Data Policy*

**Overview:** The Certified Bariatric Nurse (CBN) program is committed to transparency in certification activities. Each year, the CBN Certification Council reviews and approves the aggregate certification and recertification data compiled by the ASMBS Staff Partner. The report below reflects activity for the calendar year 2023-2025.

## **Annual Data Summary (January 1 – December 31, 2025):**

- **Number of candidates who took the CBN Examination: 65**
- **Number of candidates who passed the CBN Examination: 41**
- **Number of CBN recertifications completed: 92**
- **Total number of currently certified CBNs (as of December 31, 2025): 717**

## **Annual Data Summary (January 1 – December 31, 2024):**

- **Number of candidates who took the CBN Examination: 103**
- **Number of candidates who passed the CBN Examination: 69**
- **Number of CBN recertifications completed: 115**
- **Total number of currently certified CBNs (as of December 31, 2024): 758**

## **Annual Data Summary (January 1 – December 31, 2023):**

- **Number of candidates who took the CBN Examination: 144**
- **Number of candidates who passed the CBN Examination: 100**
- **Number of CBN recertifications completed: 130**
- **Total number of currently certified CBNs (as of December 31, 2023): 727**

## **Notes:**

- Examination data includes all candidates who completed the exam within the calendar year.
- Recertification includes both continuing education-based and exam-based recertification pathways.

## **Approved by:**

CBN Certification Council
