**PLEASE NOTE:** If the deadline for manuscript submission is not met, all authors will be prohibited from presenting at the ASMBS Annual Meeting for TWO YEARS. During the submission process, you will be required to attest to the following:

- As a presenter of this paper, either selected for presentation in the Top Ten Papers session or submitted for consideration for the Halverson award, I acknowledge that I am required to submit full manuscript to the Journal, *Surgery for Obesity and Related Diseases (SOARD)*, by **September 30, 2017.**
2. If an abstract was not submitted for consideration for Halverson award or not accepted for the Top Papers Session, manuscript submission to SOARD is encouraged, but is optional.

### **Manuscript Submission Exemption\***

Presenters of either a paper in the Top Papers session or one submitted for consideration for the Halverson award, who feel their manuscripts should be exempted from submission to SOARD, are provided the opportunity to request an exemption IN ADVANCE. This exemption will require approval by the ASMBS Program Committee.

- You must list the name of the Journal to whom you plan to submit your manuscript when requesting the exemption.

- If the exemption is approved, it will be with the stipulation that your manuscript is accepted by **May 1, 2018**, in a **broad-based, higher impact medical/non-surgical journal** (e.g. NEJM, JAMA, Lancet, Diabetes or Diabetes Care) and **NOT** another surgical journal (e.g. Annals of Surgery)
- If an exemption is not approved, you will be required to submit your manuscript to SOARD by **May 30, 2018**.
- If you request a manuscript exemption, you will be asked to attest to the following:
  - I am requesting the option of an exemption from submitting my manuscript to SOARD because I believe this study would be more appropriate in a higher impact, non-surgical journal or one non-surgical journal with a broader impact on the medical community than if it were published in SOARD.
